above you have the sales of your harvest
of wheat by Capt. Skinner — the best measure and
Bucks would do for your interest — he having the largest
quantity on hand — had to sell mine and the part consigned
to Cox & Knott — wheat is on the face — and would be
lower than the present price if much was coming to
market — I have sent you the molasses notes for —
and paid our Bucks liab as requested — presumed our
Bucks will write you — our Com 50 to 52 — old
about 55 — Apr 57 — Oct 30 — recd wheat
95 to 98 — I have paid the freight — and deposited \$85.86
the balance of said proceeds to your credit in bank of Mr. J. H. Hatcheson
