

for my own use for some time but can't procure
one - I could send you by express made of
Eastern Shore Paper - it would not answer
you at all - as it was made of galley
and very inferior - I asked Mr. Buck if he
had not received a letter from you respecting
a cooking stove - he told me he had not -
I then read your letter to him - and told
him if he would send your stove - that I
would pay for it - he told me he would
enquire for the letter - if he puts it on
board as you request I will then give him
the money - what is on the face of
the bill 50 - - 55 - - the rate
shall you get if you can receive when
convenient - I have given you credit for
the amt of the bill -

yours respectfully
Barrod
