

Let A. Tilghman -

Receipts - You will here with
receive your account & date, which I hope will be found
correct. The Carriago Whip charged to you was bought by
your son Waid & charged to him; I have placed it into your
account now, with the supposition that it was always in-
tended to be charged to you -

Your attention to the settlement of this acct by the
early part of September will be a favour, as I have
been told -

Yours Respectfully
J. Swan
