Dear Sir

In my last I mentioned that if I heard from you in time I would be at Centreville last Monday - I have waited with some anxiety to receive your information when I should find you at home, and at last determined to set out tomorrow trusting to the probability of seeing you there - I am deterr'd by a message from Mr Cummins that he will be here on Wednesday or Thursday next. I shall therefore leave home on Sunday (tomorrow week) and be at Centreville on Monday - I think it best to advise you of my movements but we should miss one another

Yours truly

W. Chew
