HYOMEI SOAP

Skin Blemishes and Their Cause

Pimples, Blackheads and Humors in nine cases out of ten, are caused by using soaps made from fats, grease or oil. These ingredients clog up the pores and prevent them from performing their duty, that of throwing off the poisonous matter from the body.

A rough, dry and muddy skin is caused by the strong alkali required to saponify the grease and oil in such soaps. This soon burns and destroys the delicate skin tissue, a hundred layers of which is not thicker than a sheet of note paper.

HYOMEI SOAP

Made from the fresh green leaves
of the Tasmanian Blue Gum Tree

is absolutely free from dangerous ingredients. It cleanses, softens, purifies, removes all dead tissue and restores the skin to a perfectly healthy condition.

Sold by all druggists. Price 25c. Sample cake 5c.
