PACING BROOD MARES.

No. 71.

BANQUETTE. Black mare, 15½ hands high; foaled August 8, 1883. By Brown Hal, 2:17½.

First dam Bonnie Annie, by Omega, son of Traveler (pacer).
Second dam, the dam of Mattie Hunter, pacing record, 2:12¾, by Driver, son of Vermont Morgan (sire of Golddust).

For extended pedigree, see Bonnie Annie, No. 72.

Bred at Ewell Farm. Handsome, gentle and speedy.

No. 72.

BONNIE ANNIE. Half-sister to Mattie Hunter, 2:12¾. Chestnut mare, 15½ hands high; foaled 1869. By Omega, son of Traveler (pacer).

First dam, the dam of Mattie Hunter, 2:12¾, by Driver, son of Vermont Morgan (sire of Golddust).
Second dam, a fast-pacing Mustang mare.

Omega, the sire of Bonnie Annie, was a fine saddle horse, 15½ hands high, by Traveler, grandsire of Joe Bowers Jr., pacing record, 2:18, Geo. Gordon, pacing, 2:27, and Dick Hunter, trial, 2:21. The dam of Omega was by Hark, a thoroughbred son of Imp. Consol.

The grandam of Bonnie Annie was a fast-pacing, black Mustang mare brought from Texas by the late George P. Webster, Esq., of Maury County Tenn., and sold by him to the late Rev. Isaac Milner. In 1862 Mr. Milner was stationed in North Alabama, and while there bred the black mare to Driver, a son of Vermont Morgan (sire of Golddust), owned by Mr. W. Malone, of Cherokee, Alabama. The produce was a chestnut mare, the dam of Mattie Hunter, 2:12¾, Dick Hunter, trial, 2:21, of Ned Hunter, trial, 2:23, and of Bonnie Annie, trial, 2:53. All these were bred by Mr. Milner.

Bonnie Annie was sold by George Milner, Esq. (son of Rev. I. Milner) to Hon. Henry Cooper, of whom I bought her when

eleven years old. She had been used as a rockaway mare and driven mostly in a trot. With thirty-six days' handling she paced a mile over a half-mile track in 2:53. This satisfied me of her speed, and she was put to breeding.

PRODUCE.

1882—ch. c., Banquo (gelded), by Trouble. (Sold.)
1883—bl. f., Banquette, by Brown Hal.
1884—Missed.
1885—ch. c., Arizona Wilkes, by Tennessee Wilkes. (Sold and dead.)
1886—ch. c., Octoroon, by Tom Hal.

Stinted to Masker.

No. 73.

COOSA. Bay roan mare, 15 hands high; foalen 1881. By Moore's Locomotive (pacer).

Dam Annie, dam of Kedron, pacing trial, 2:23½, by Willy Thompson (pacer).

Moore's Locomotive, by Locomotive, dam by Whirlwind (pacer).
Second dam, by Pointer's Slasher.
Third dam, by Nolan's Copperbottom.

Locomotive, by Tom Hal (sire of Brown Hal), dam by Rock, a fast quarter horse. Locomotive was probably quite as fast as Brown Hal or Little Brown Jug, but was injured by an ignorant trainer.

Willy Thompson, by Thompson's Traveler (pacer), son of McMeens' Traveler, grandsire of Joe Bowers, 2:18.

Coosa was bred by Guy Parkes, Kedron, Tenn. Her dam produced Kedron, pacing trial for me, 2:23½. Coosa is a first-class saddle mare and a fast natural pacer, strong, spirited and active.

Stinted to Masker.

No. 74.

ETHEL B. Bay mare, 15 hands high, star, no other white; foaled 1882. By Tom Hal, sire of Little Brown Jug, 2:11¾.

First dam Tampa, by Thompson's Traveler (pacer).
Second dam, by Nolan's Old Copperbottom (pacer).
Third dam, by Ridley's Medley.
