Osborn's Heel Ointment

Osborn's Heel Ointment has been used by leading Horsemen and Drivers for the past four years, and has given universal satisfaction, and has made its reputation on its merits. It removes all inflammation and soreness from the heels and does not gum up nor collect dirt, as is the case with many other ointments. It penetrates quickly, and does not require soap and water to remove it. It is composed of herbs and minerals and contains no poison, and is absolutely pure. It can be used on horses during races by dusting it over with corn starch or sulphur. It can be used on horses' lips or in their mouths with safety. **Sample box sent free on receipt of one two-cent stamp.** For sale by druggists and dealers in harness and turf goods.
