GILLIG 14258.

Race Record at Four years 2:23½. Sire ARISTOS 771, (sire of eight 2:30 trotters, and the most prolific son of the great sire DANIEL LAMBERT); dam ALICE 2:30 by PEARSAL, 243.

GILLIG is the sire of Sue Gillig, record, three years 2:25¼, and Rupert Gillig, who trotted a quarter in forty-three seconds as a yearling and Tom Gillig, champion yearling 2:37¾.

GILLIG was the first New-England bred stallion to get a four-year-old record as fast as 2:23½; the first sire as young as five years to have a winner in the Vermont Breeders' stakes, and the first stallion that ever stood in New England to have one of his get in the 2:30 list when he was but six years of age. GILLIG is founding a family whose name will never be forgotten.

STAMINA

AND

COURAGE

A glance will show that in Pontiac Chief courses the richest Hambletonian blood, coming through Robert Bonner and Goldenbow, both distinguished sires and race horses. In no surer fashion can this prepotent strain be transmitted than through producing sons. Pontiac Chief inherits from the dam's side his race horse qualities and great courage, as shown in hard contests in 1892, after little training.

PONTIAC CHIEF, is 6 years old, and is a superb individual—chestnut in color. His oldest colts are 2 years and speak for themselves.

He will make the Season at \$50 to insure.

Pontiac Chief is sound in every way, and will make a great sire.
