Dr Sir

Yours of the
12 inst is at hand and
in reply must state
that I have never given
any receipt except for
the ninety dollars, and
did not designate how
any part of it should
be applied. To use your
own words I want
no difficulty about it

I told your brother at
the time that I would
credit his store as with
the \$90 and was willing
to wait until after
harvest for his taxes
