rough Mr. Vogel 1072 Temple .193-4

TOR AMERICAN HORSE BREEDER: 1 see by the last week's AMERICAN HORSE Br EDER that you think that my friend, Mr. George A. Vogel, and myself are mistaken in regard to him owning Flora Temple (2.193). I am very glad to know that I can prove to you that he is right. By chance the other day I met Mr. Vogel, ex-Judge Coulter and Ike Devoe, two well known gentlemen of New York city. told Mr. Vogel that I had written you that you had not mentioned his name, as being one of the owners of the great Flora Temple, in your paper, and in reply you said that he must be mistaken in the mare, as Hiram Woodruff wrote the life of Flora Temple, and his name is not mentioned as being one of her owners. The old gentleman laughed, and Mr. Devoe said that he would bet \$100 to \$10 that Hiram Woodruff never wrote the life of Flora Temple. Both of these gentleien say that they know that Mr. Vogel did n Flora Temple (2.193).

w Mr. Voge! has a receipt and showed dthis is a true copy of it:

NEW York, Sept. 10, 1850.

om George A. Vogel six hundred

le bay mare known as Flora Temple.

George E. Perrin.

1. V. says that Flora never had but one

race before he owned her and had a mark of .35 or .36. He never drove her much himself, as she was no roader, but had a man by the name of John C. Perrin to jog her on the road so as to get her steady, and then he sent her to Hiram Woodruff and he had her until Mr. Vogel sold her to Barney Boreum, and the day he sold her he offered to bet \$5000 that she could beat any horse on earth, best three in five to harness.

When Mr. Boreum owned her he had a man racing her through the South by the name of Joe Jewell, and when at New Orleans she was attached by the sheriff as Joe Jewell's property. Mr. Boreum was then obliged to get Mr. Vogel to attend a court in New York city to swear that he bought the mare from him, and that Joe Joel had in no way any interest in her, liner. This is on record. Now I

nave given you proof enough that orge A. Vogel was one of Flora sowners, and I challenge contra-George A. Coleman.

Ilf uar correspondent will refer to our re narks in last week's Breeder he will see that we said if Mr. Vogel ever owned Flora Temple (2.193), a very important link in what was supposed to be her complete his-. tory has always been missing. It seems, from the above receipt, that it was Mr. Vogel, instead of John C. Perrin, that bought Flora Temple from George E. Perrin in 1850, and that the price was \$600, instead of \$575, as stated in Hiram Woodruff's "Trotting Horse of America." We never remember to have made the statement that Hiram Woodruff wrote the contents of the above-mentioned book. It is generally believed, however, that he furnished much of the material, and that it was all submitted to and approved by him before it was published. Undoubtedly he relied largely upon his memory for the facts. The work was edited by the late Charles Foster, and perhaps some slight errors crept in that were not noticed by Mr. Woodruff.-ED.]

Flora Temple (2.19 3-4). Editor American Horse Breeder:

If you want the true history of Flora Temple, send some one to see William Van Cott, stable keeper, New York. He drove her for some two years over Red House Park, Harlem, N. Y., before they ever started her in a race. I think they paid two or three forfeits on her before they concluded it safe to start her.

Mr. Van Cott was then in the horse business, and took more fine-matched teams trom western New York to the city than any other man. This was from 40 to 50 years ago. He will give you a history of the little bob-tailed mare that will be trustworthy. Flora was broken gaited and very unsteady in those days.

E. L. Norcross.

Fearnaught Farm, Manchester, Me., Nov.
25, 1893.

The Palo Alto Sale.

es ruled low.

Palo Alto sale opened on Monday, but was little semblance to the famous sales is farm in the past. The crowd was small, of the familiar faces that formerly conwere to be met. Those present seemed ater part to be new men, new blood, led. The bidding was slow and spirit-

of Rochester, secretary of the N.
was present. The annual meetion is to be held on Tuesday
An effort will be made to inamme for next year several

stakes open to the world. It is also desired to hold the next meeting at Fleetwood Park. Every breeder in the Empire State should be enrolled in this association and become an active worker for its success. Think what a rousing meeting could be held if every one would put a shoulder to the wheel.

Mr. J. H. Clark of Elmira was among the spectators. As readers are aware, Mr. Clark has recently had a clearing sale, and it was his intention to sell all his stock excepting Young Fullerton (2.20¾) and Wellington. Owing to matters beyond his control the stock was not all sold, and this will probably be consigned to some sale ring later on. Mr. Clark believes the future of the trotting business looks bright. "A good horse can win more money now than ever before," said he, "and in this respect we

"A good horse can win more money now than ever before," said he, "and in this respect we shall see an improvement each year." "Look at business generally," he added, "and see the complete collapse in many instances, and yet scarcely a trotting association has failed to pay its premiums promptly, and horses earn more money than ever before. The betting industry has weathered the panic better than any other business." Mr. Clark but echoes the general opinion regarding the general conditions of the breeding business.
