

trust, or in claiming anything from
Mrs S.W. Spencer estate; all is evident
that Mrs Spencer imposed upon his children
in the matter of this property but they of
course feel a delicacy in exposing his course
by openly proceeding against his estates for
his default.

Miss Anne M. Spencer died yesterday
and was buried today. She died of cancer
of the womb after a painful illness. As
to Mrs Cosby's interest in the Corcoran property
now that the life estate is exhausted, I
presume she does not wish to relinquish
that; the other children J. Gordon Spencer
& Wright Spencer are still living, the former
as both the latter in Kansas & are both
under age. Cook was appointed trustee
for these children under Spencer's will & has
sent me a form of bill to represent him in
this respect, but I have never done anything
in the matter. Any further information I can
give I will cheerfully furnish at any time.

Very truly Yrs
