Dear Sir

Enclosed you
will find a bill against one Sol
Wright, of Talbot Co, for professional
services I rendered him when he
was in this City two years ago, which
I desire you to collect for me.

I have written the fellow several
times in reference to the business,
but he has never noticed my commu-
nications, and I might be disposed
to indulge him farther still; had
I not heard yesterday that he was
doing well with his store at least
well enough to enable him to take
a wife to himself very lately. Perhaps
he is merely dropping him a line up.
