

P.S. Since writing the above I have rec^d a let-
ter from S^r M. Gayson and Agent in Mississip-
pi, which enables me to bring the statements
down to the 1st of the present Month (April, which
has accordingly done, and herewith enclosed them
for information. The Bal of my claims against
increased by the additional charge
of my expenses to the South.
A letter from Mr. Harriet T. L. H.
Tomb, in which she says that the
to a sale of the servants provided

the terms of sale, can be agreed on by the parties
interested, but expresses no opinion as to what those
should be. — I am willing myself to accede to
the first proposal of Mr. And T. L. H. and that
was, to sell the servants, and pay us one half of our
claims, the Bal of course to be hers. Exh^{ibit}
No. 1. conclusively proves that at the present rate
of reduction, by the hire, that the youngest of us will
never live to see our claims liquidated.

Yours very truly
J. J.
