

may more unfortunately than I have ever witnessed.
For particulars I must refer you to the
Intelligencer —

Mr. Tacey, nominator has
been postponed till the next session & not inde-
-finitely as stated in the public papers, where
it is believed the new members of the Judicial
-districts long sought for will speedily take
place —

Some days since I sent to each
member of the Legislature a copy of my
speech upon the abuse of the veto power,
hastily prepared for the press & inaccurate
printed — after looking over it I found
numerous typographical errors — I had your
copy corrected — please mention it our friends
that they make the correction —

The provisions of the H. of R.
has lost the appropriations for the improvement
of our fortifications in this State after it had
secured the sanction of both Houses & which
was so much wanted — You have yet I have
some many days of arduous work before you

I should be glad to hear from you
when convenient — I am so notoriously lazy as a correspondent
- that I can not ask for punctuality for any of my
- friends — My regards to all and ever sincerely yours
Wm. Tacey
