

Mr Tilghman

20 December 1847

Sir - I send the mutton and
pot of butter to go up by Frisby

The hands all stay where they are but Cath-
arine Mr Seth does not want her \$20.00 is offered
for her by Mr Horney. Pere Brooks says he
is not able to buy his wife she has two chil-
dren with her one about two months old

Deb has no home yet I think she will get ^{not}
one in the neighbourhood with two children
and expecting to have another in the course of year
Should you not get down yourself say if you will
take any less than \$24.00 for Catharine

We have had a great deal rain here and I
fear the cow yard will not ^{get} cleared out

the Baltimore for Mrs Brice I have no bag to
put the mutton in four of our bags went up with
the wheat and another with a mutton some time
ago please send some of them down

Respectfully
