

In the summer of the year 1842
there were 3 or 4 persons who
were in the upper part of the
valley of the river. They were
in the lower part of the valley
and were in one part of the
valley. They were in one part
of the valley. They were in one
part of the valley. They were in
one part of the valley. They were
in one part of the valley. They
were in one part of the valley.
