Dear Judge Turner:

I talked with Mr. Adam R. Bond, State Forester, for the State of Maryland today, and he stated he could not tell at this time what might be available, but stated he would be glad to check his application and educational background and experience, and do what he could to place this young man.

We hope something turns up to everyone's advantage, and with every good wish

Cordially,

George W. Phillips

Please have him complete the attached application blank and forward direct to Mr. Bond at the State Office Building, Annapolis, Maryland. 21401
