11/21/19

In other words the property is only
a prospect + not a very good one
the oil worth \$20,000.00. It is
I did not discourage them as I
think they are good people to keep in
touch with and later we may want
to drill the property.

Later I will cover the whole situation
in a detail report, at present I do
not think the property worth more than
\$3000.00 + it is speculative at that.
I left Chattanooga on the
10.42 am train on the 10th and
spent yesterday in Washington.

From Lady E. Curran
