Reg: The Massey Prospect
Apr 17-1919

Called on Mr. Massey Thursday morning
shortly after midnight and called on him
at ten.

With means for the future to a
large amount of money. Massey had already made an engage-
ment for the purchase of the land. I had to disclose to Massey who I was
represented before. I explained the matter
to him and he said he would not.
He said he would not.

He said he was on his way
to London and Massey to have headed
him off. He said he had several
properties in English Guiana
which he claimed to be worth.

We had a second meeting in the
afternoon at which Massey was
present. He is very bitter against the
Al. Co. (?) and is willing to sell to us
at half price.
