The man he has in the
chance of a committee, David E. Keating

to see R. E. Harris in regard to the
proposals at 4-30 pm. The other
get away to open up it was necessary
for me to discuss the fact that I
had been sent by you. I asked
him not to discuss further reported

The other purpose is to see him
to the England & that. I have met
me to discuss in your job.
He is very little against better
England and the R. E. has
felt that if he can see his
