Regarding - Harry Hall

I returned from Detroit Va. at noon today
to find the enclosed telegram from
Harry waiting for me. The phone and
told him I would be over to see
him at 10 o'clock tomorrow.

I have not changed my opinion
regarding the ship's holding and he
is as shipping it would be better
hard to hold him if any kind
of a deal.

I think there for the only thing
is to see him about for a
and get as much information
him as possible.
He was upset to be in
such a way.
