

LLOYD T. EMERY

was called as a witness on behalf of the Commission and having been first duly sworn, testified as follows:

DIRECT EXAMINATION

BY MR. WHITELEY:

Q Will you give your name to the reporter for the record?

A Lloyd T. Emery.

Q What is your profession, Mr. Emery?

A Why, that of an engineer.

Q Will you please state as concisely as possible your technical education and engineering experience since graduation?

A I graduated from the Toms Institute in 1904 and have what is known as a technical course in 1908, after graduating from the University of Pennsylvania with a degree of Bachelor of Science or civil engineering. In 1911 I received a degree from the University as Civil Engineer. My first work after leaving college was with the Pennsylvania Railroad on their tunnels under the Hudson River. This work lasted approximately a year, after which I went with the Kaolin Mining Company of Philadelphia, in the capacity of engineer and general superintendent. This work continued until January, 1911, when I resigned from the company and entered the firm of Emery and Eisenbrey.

Q Where was the office of this firm, Mr. Emery?
