

about it. Just tell the whole thing right here. I want the facts right here, Mr. Uihlein. I want to give this witness full opportunity to answer that question. Go ahead, Mr. Uihlein.

A Primarily going into this industry entailed for us too much detail work and it would have been thrown upon my brother and myself. These were the basic reasons for my not wanting to go into the industry.

BY EXAMINER SHEPPARD:

Q Do I understand from what you have said, Mr. Uihlein, that the trouble involved, of your want of experience, etc., was a contributing cause that made you desist from the proposition?

A No, not our want of experience.

Q What do you mean by "not want of experience". Have you ever had any experience in the aluminum business at all?

A No, that is not what scared us, we were not afraid of the aluminum business.

EXAMINER SHEPPARD: All right, go ahead.

THE WITNESS: It was just a question of seeing so much work that we did not want to tackle it.

BY MR. SMITH:

Q And also when you came to investing in water powers and other interests it required a very large
