

Q Did you have personal knowledge of the acreage owned by the Demerata Bauxite Company in that locality, - the approximate acreage, - I don't mean the exact figure?

A I should say that they owned in fee or the mining rights between 19 and 30, 000 acres of land. Can I add to that Mr. Smith?

MR. SMITH: Yes.

THE WITNESS: And a large part, I should say, the major part of these lands, the major part of this area does not actually contain bauxite.

THE EXAMINER: We will take a recess until 3.00 o'clock.

(Whereupon at 12.45 p.m. the further taking of testimony in the above entitled matter was adjourned to reconvene at 3.00 p.m. this same date at the same place.)
