

Q You don't wish to do that then, is that right?

MR. WHITELEY: I object, Mr. Examiner.

MR. SMITH: What is the objection?

THE WITNESS: I testified he held a prominent government position, he was Chairman of the Board of the Demerara Bauxite Company.

THE EXAMINER: There may be a difference of opinion. I would not require this witness to answer. It may be a personal matter.

MR. WHITELEY: It was not gone into on direct, so I think it is not proper.

THE EXAMINER: I don't think Mr. Smith will pursue that.

BY MR. SMITH:

Q As the manager of the Demerara Bauxite Property it was your view that the proper way to handle their ore properties was by a small tram line along the river bank, was it not?

A You mean a railroad along the river?

Q I mean a small tram line along the river bank.

A As I recommended it, I recommended a standard gauge railroad.

Q And for the proper construction of that railway to operate this property, the Lower Bematie and the Aurora properties should have been acquired by the Demerara Company.

A My recommendation was for a railroad on the other side
