

A I did not, I discussed the matter with Mr. Davis.

Q Did you go to see Mr. Davis or did he go to see you?

A I went to see Mr. Davis as I understood it, at the request of Mr. Davis.

Q Who told you that it was Mr. Davis' request?

A Mr. Uihlein told me that Mr. Davis would see me on a certain date and asked me to call up Mr. Davis so as to make an appointment.

Q Who told you that?

A Mr. Uihlein told me that.

Q He told you that, which is one thing; did he tell you that Mr. Davis had requested that you come to see him?

A I don't remember whether he did or not, he said Mr. Davis would be very glad to see me.

Q Had you before that date any talk with Mr. Uihlein as to whether or not you might see Mr. Davis?

A I didn't bring up the point of seeing Mr. Davis; I discussed with Mr. Uihlein whether I was going to be continued in the Uihlein group in Milwaukee.

Q What did he say?

A He said I could under certain conditions and he made the suggestion to hear what Mr. Davis had to say about continuing in the employment of the Carbon Company.

Q And that was the only basis on which you made the appointment to see Mr. Davis, is that right?
