

particular deposit.

Q You cannot qualify as to the deposits in Greece, can you?

A I could if I saw the deposits.

Q Did you ever see them?

A I said before I have not seen it.

Q Then you cannot qualify because you have not seen it?

A I could only express an opinion on the published governmental reports and on the analysis given.

Q Could you or could you not testify as to commercial availability of that deposit without having seen it?

A I have said from the analysis I do not believe it is suitable for making metal.

Q Is that the best answer that you can give?

A That is the answer, I will let that rest.

Q Pass that. Is there bauxide in Dalmatia?

A There is.

Q Where?

A A number of deposits on the Dalmatian Coast.

Q Where are they?

A I cannot recall the Coast name or the places at the present time.

Q What is the size of the various deposits, how many tons?

A Running into a good many hundred thousand tons.

Q How many?
