Q Now, as I understand it, you said you did not know of any aluminum producing concerns that own bauxite deposits in either Herzegovina or Montenegro. If that is true how could you undertake to say that the deposits in these countries were controlled by metal producing companies?

A I do not think I made that statement.

Q If you did make that statement it is not accurate, is it?

A I said, I do not believe that the ore on these properties was commercially available.

Q Either Montenegro or Herzegovina?

A That is correct.

Q Is there any Bauxite in France?

A There is.

MR. SMITH: I will strike out France.

Q Is there any bauxite in Istria?

A I believe the defendant company has an interest in a bauxite mine in Istria.

Q Where is that mine?

A I understand it is near a place called Montana.

Q And what company owns the mine?

A I do not know the company, - the name of the subsidiary of the Aluminum Company, which owns it; I don't think they own it outright, I think they own the controlling part.

Q What percentage of the bauxite in Istria is owned by these subsidiaries of the Aluminum Company of America to
