Dear Floyd.

Letter of the 8th and Enclosed
note received here today. Thanks.

Better come down here and
back in the Sun for awhile. Its fine
for the joints feeling. I have had no cold
weather this winter and its hard
to realize there has been any elsewhere.

Hope business is good with you.

At any rate you are "going some."

Will not be East before July 31st.
unless something unforeseen happens. I have
not heard from Mother for two weeks and
thought you all were out on a strike.

They have good food here and
plenty of it so I am happy.

Sincerely
Ed
