Memorandum from

It is suggested that the
present plan of the
road be revised. The
present plan is not
satisfactory. It is
suggested that the
road be widened to
30 feet. This will
allow for a better
grade and a better
drainage system.
It is also suggested
that the road be
graded to a better
standard. This will
allow for a better
drainage system.
It is also suggested
that the road be
graded to a better
standard. This will
allow for a better
drainage system.
