you with the job will be
a great pleasure.

For the coming year
you have been Elected to the
very honorable job of General
Manager. Take hold with
both hands and I will cheer
while you work. Some other
time, maybe the situation
will be reversed. We must both
do our part well when at it
and I am confident that we
can get away with it.

If you have to spend
your money in the farm
interests, the farm ought to
reimburse you. I am speaking
of traveling expenses etc. Keep
bat on them by all means.

Well good luck, old man,
