

(3)

must you half way on expense, but
I can not suggest any thing to do
with her. They will not have her
back at the Wilsons. It would be
rather expensive keeping her any
where else here. She would only
spend her time being sick. She
ought to sent to the Adirondacks
for the summer if we can stand
the strain.

She is probably behind on her bills
where she is & I will have to be paid
out. Write me what you think best
to do & I will back up my end.

As ever

Lloyd.
