Dear Mr Emory

Mr Potts
started work on the shed
today He is going to build
it 24 by 64 ft. I think that
will give me enough room
to work out with for my
implements

Mr Emory. I need about 4 rods
of wire fencing this spring
Will it be alright to get
it. Let me know as soon
as you can as I would
like to get up
Yours Sincerely
Albert C. Dulin
