

August 26, 1926.

Dear Albert:

Many thanks for recent letter regarding the wheat. I am sorry that the tomato crop is not too promising, but one interested in farming has to contend with such contingencies.

I am only up from my work in North Carolina for a few days and I am returning tomorrow, so I will not be able to get down to see you until I return in October.

Will you send me in the enclosed envelope the bill for the wheat fertilizer just as soon as you get it, as I would like to save all discount possible. Have them mark on it discount allowed if paid at once.

Please give my best regards to your wife, mother and father.

Sincerely yours,

LTE:L

LLOYD T. EMORY.
