

August 6, 1925.

Mr. Albert Dulin,
Centreville,
Maryland.

Dear Albert:-

Enclosed is a copy of a letter I have just received from Dodson & Bailey regarding the work on the wharf and a copy of my reply.

I presume that you and Mr. Bailey have arranged the details and that you will be able to get the piles cut and on the job so as not to delay the work after the arrival of the pile driver.

Be sure you cut them long enough and they ought to be skinned above the mud line.

I hope to get down early this coming week but I cannot be sure.

With best regards to Mrs. Dulin, I am

Yours very truly,

Lloyd T. Emory.
