

I have not selected an apartment
yet. but I hope to find something
suitable on my return. Something
I think you will like. It will
be much nicer if we can go directly
from the steamer to our own little
home, as it will be quite chilly by
the time you come over. Owing to
my numerous trips I have found it
better not to get a permanent room
altho' I may when I go back
I should receive some letters forwarded
from London in the morning mail
You can't write me to much
Lots of love
Frank
