find now that she is not really
in poor condition but a week
ago she kicked again & ran -

I am told however that the
driver was drunk at the time
& that the mare was really
not responsible for the mishap -

I now send her to you to be
served by Happy Russell & to
be put on keep @ \$2.00 per week
until taken away -

I think if kept in box stall
and well fed she will be
in much better condition by
the time I take her away -

As soon as she is served please
let me know it at once -

She may take the worm as soon

as she arrives as she has
shown some signs of being in
season -

I of course understand
that you insure a colt in cases
where a mare is left with
you in this way -

I shall hope it will not
be necessary for her to be with
you over 2 or 3 weeks.

Service fee to be \$50.00
as stated in your letter -

If this colt shows well you
may lean more mares from
this section by another year
as we have some lovers of
good stock in Chester Co.

Very truly - W. P. Worth
