Friend O.

Your of 10th to hand. The man Maud
C. you write about was raised right here. She
is six years old this spring. She is out
of an old St. Lawrence mare named
Lilly. Lilly's sire was the old
St. Lawrence horse - Lilly had no record
whatsoever here. She could trot - quite fast -
but was a poor "lugger." She was
sold to a party in Delaware or Penn-
sylvania. I don't know which, and if
she has a record she must have
got it after she left here. Maud C.
sire was @ Hambletonian but can
not give you any of the particulars.
