Mr Emory My Dear Sir
just received a must be you
with the semen but hoped it would
be a filly as I wanted to breed it to
your young stud. breed (Sallie) just as
soon as you think best. you may count
me one of your patrons right along to
Russell until he gets to high for me.
then I will take one of the others I wish
I had bred my (Sallie) colt this spring to
Russell as she shows a good piece of going
as out of a 42 mare. W.K. Allaband
