Dear Friend:

We, as candidates for nomination on the "New Deal" Democratic Organization ticket want to pledge you our support and sympathy for any venture which will improve conditions of men such as yourself, who are engaged as Watermen.

As you know we are well acquainted with the problems which have confronted you over the years.

If elected, we pledge you our continued cooperation and understanding of your desires and shall make every effort to see to it that any improvement of conditions which you desire will become a reality, such as the anchorage at Kent Narrows which is now under construction, and the public landings we have built in recent years, and the support we have given your legislation.

The watermen's problems are of vital interest to the people of our county, just as that of any other group engaged in various occupations, and we intend to meet your problems whenever the opportunity of solving them is afforded us.

Thanking you for the consideration given us and our "New Deal" Democratic Organization ticket, we remain,

Sincerely yours,

Eddie Turner
