Mr Edward B. Emory
Dear Sir

Have you on your farm
or Can a choice filly by Hapsy Russell,
out of mare individually good, as well
as standard be bought cheap this spring
I desire to ^{buy} such a filly and though poor
I will pay for her and take good care
I have her grow into a good brood
mare. The filly must have all
the structural points as near perfect
as they are found in Hapsy Russell
I want her when mature to be 15.2 or
15.3 and weigh 1050 or 1100, be of good color
Bay or brown with little or no white.

Mr Emory if you can assist
in selecting the above you will
greatly oblige

Yours. Very Respectfully

A. J. Lewis
