Friend Emory-

I thought I would drop you few lines and let you know how my happy Lizzie Colt is doing. I commenced to break her on the 29th of April and on Saturday May 4 I left her stop a quarter and she stepped it in one minute & two seconds and would of went a good deal faster only she wanted to go of the track in to the stable. I know she can show a 3-minute gait. She is good size and a very handsome filly and baring all accidents I think I can put her in the list. This fall, I have a nother Colt by my horse wont be two year old until the last day in June
