

a close second beating  
the Harvard crew by  
open water.

My last examination  
came on Monday &  
we left at 8 p.m. for  
here traveling all  
night.

It is simply beautiful  
up here. I wish Penn  
could have a location  
like this. We had to  
row on the inlet this  
morning as the  
wind was too high to  
go out on the lake.  
We have been just  
treated fine up here  
& are putting up at  
one of the best hotels.

I do not think we  
stand any chance  
of winning tomorrow
