See conditions of **Stallion Representative Stake** (\$10,000 guaranteed), on other side. Its advantages are many, amongst which may be noted:

No Colt Left Out. The nomination of the stallion nominates every colt he has that was foaled in 1890 and keeps entry good till ten days before race. No matter who owns the colt, it is eligible if the sire is nominated.

It Insures the Training of all your colts. No man who has a colt eligible can afford to not train him when his nomination is paid up to a few days before race in a \$10,000 stake, the nomination of stallion making his as well as his starters.

It Costs Less than Other Stakes. If a horse has only five colts, it will cost but \$20 each to carry them to the race; only \$10 each if he has ten; \$5 each if he has twenty; and if he has forty, only \$2.50 each.
