Mr. E. B. Emory

Dear Sir

Send me \$100.00 for service fee. I would like to have more here soon as possible. Can you assure me a deal by Russell.

I visited Mr. Christie place in Maryland few days ago, he has some fine stock there. I think the old fellow is a little cranky he won't allow his stock to be worked. He mentioned however that he was going to send you Albion ~~Medium~~ Medium for work. What do you think of this stock. He has other fine stock and it seems a pity the public can't get any good from it. Let me hear from you soon and oblige

Yours Truly

Julius Slack
