Centerville, Md.

If it is possible for you to do so, will you please favor me with a check for the old bill due me. I have written several letters but receive no reply. Now as I am under a great expense in running my establishment and have to pay Cash for all I buy. You can see that unless I make my collections close I would not be able to continue to keep my credit good and keep my establishment at the high standing and reputation it bears.

Your mare is doing well and I hope to make a complete cure of her. but it is very slow and requires constant attention and watching. as she is disposed to rub and injure it, it is the location of the Fistula that makes it so slow in healing.

Hoping that you will take no offense at my letter but consider it in a business way. and that you will kindly send me a check by return mail I am
Yours very respectfully D. Thos. W. Spranklin
