

anything to start this year
or are you like me, knocked
out for a season - I don't know
what Sherr is doing with Lady
as I haven't heard from him
lately, the last letter from
him was about a month ago
when he said she could step
Easton track four times better
than 20 - We are having it
awful hot out here cutting the
tomato crop short and only
running about half time - I
do not get any horse news
except what I see in the
Phila Record and I only get
that paper once or twice per
week. I wouldn't give a
square mile of Md for the
whole State of Kentucky and
I want to get back home
as soon as I can finish my
engagement here. Write me
all the news. Yours Truly
