Yours
Just rec'd in reply I do
not care to sell my mare
for less than \$500. I should
have more I would take
that amount though and
am willing to pay you
your Commission. She was
folded May 27th 1890. which
makes her 3 years old
the 27th of last May as to her
mother I do not know anything
about only I know she came
out of a Western mare which
my father bought in Phila.
