

home to stay untill you come home
if you are away I was out to take
a look at my mare last Tuesday i
dont know if she is with foal or not
she is running out in the barn yard
taking it rough with a plenty of
course feed and not much grain
I will drive her down the next time
i come I want to work on my
Russell colt now and get her use
to harness befor i hitch her to
a cart or sulkey She is a
nice size and a good shaped
colt and i think she will
trot for the trots around therealy
all the time now Take good
care of my mare and colt
