BALTO.

Baltimore, June, 18, 1890.

Mr.

Dear Sir:-

We propose to publish a weekly horse gossip in the Sun, and would like to have from you a letter once a week, to reach here by Wednesday, so that we can publish any sales, foals, deaths, proposed matches, purchases, etc., in fact, any and all news matter relating to stock on your farm or in your vicinity. The increasing interest in such matters, in other States, demands that our Maryland and Virginia stock breeders show to the world at large what they are doing. If you will give the matter proper attention we think a good showing can be made. An early reply will oblige.

Yours truly,

A. S. Abell & Co.
